

LONG BEACH, CA 2021

It felt great to be back in the Long Beach Convention Center surrounded by the exhilarating energy of newcomers and those returning to the exhibitor floor after a year of quarantine and closed-down businesses. It was amazing to see you all back, inspired, and ready to take your practice to the next level with the best products and cutting-edge technology for your treatments.

Whether you are a student or a seasoned professional, the workshops and educational conferences provided so much knowledge and fresh perspectives on emerging trends and treatments. We hope that you got the chance to learn new skills to refine your techniques so that you can advance in your careers and share your talent with your clients.

Here's what all of our exhibitors and attendees had to say about their ICES Long Beach 21 experience!

TAY MILLS: "I thoroughly enjoyed myself at the ICES Long Beach show. It was well organized, spaced out comfortably due to COVID, and they had plenty of excellent vendors to choose from. I attended 2 educational workshops and one of them was the highlight of my weekend."

LASH BOMB: Wow, amazing turnout and it's not over yet. So happy to see you all here! We have just a few hours left. Let's make it count.

SHELBY HACKOCK: I attended the International Congress of Esthetics & Spa this past weekend in Long Beach! I had such an amazing time and brought home some really great goodies to start incorporating into my services!
